

I love switching peoples lights on through my healing practice in my tipi in Melbourne. Many magical and mystical experiences of transformation, healing and learning to trust our intuition occur within the tipi.

When my sweet daughter Violet was born, her soul asked me to uplevel and to follow my intuition, and my healing work of 15+ years turned into a thriving business. I thought I would do this work for the rest of my life **when one day, the Divine revealed my next step for me by dropping a powerful insight into my consciousness.**

My life took another exciting and unexpected turn. Lying in my tipi, the soul of my business encouraged me to begin offering products rather than services. I was shocked to say the least, I expected to have a service-based business forever!

VISIONS CAME ONE AFTER ANOTHER:

- ✦ I saw a large aquamarine ring on my finger, I was dressed in an elegant white suit and my hair was much shorter, darker and wavy which was very different to my usual appearance!
- ✦ I saw a ring being placed on someone's finger and energy from that ring rippling up their hand and arm, into their body, activating their energy field...
- ✦ I saw many rings being distributed worldwide, and peoples lights switching on around the globe...
- ✦ I saw the world's largest crystal grid forming, connected by all of our rings, supporting the planet's evolution!

I was in complete awe and wonder as this vision continued to unveil itself to me.

The work I do with clients today is to help them discover their perfect 'soulmate stone', through my business, The House of Orion. These gemstones are intuitively chosen and are the one in a million-billion-trillion that light up people's energy fields. The ring firstly appears in a vision, then we bring it to life, custom making the ring for that person's soul. I energetically activate the gemstone and the ring, then we do ongoing activations to keep the energy of the rings strong and to build the crystal grid!

I would be excited and honoured to share my story with your audience and to inspire them as to what's possible when they, too, open up to their intuition.

WHAT CLIENTS HAVE TO SAY ABOUT THE HOUSE OF ORION:

It's a spiritual tool, jam packed with the specific energy exactly needed for my soul. Words can't really explain it, until you have your own. Thank you so much House of Orion!'
